**Jakarta, 7 August 2024** – PT Wijaya Karya Beton Tbk or WIKA Beton (stock code: WTON) continues to demonstrate a positive outlook by recording a net profit of Rp16.02 billion as of June 2024, marking a 45.45% YoY increase compared to Rp11.21 billion in June 2023.

WIKA Beton also reported a revenue of Rp2.20 trillion as of June 2024, an increase from Rp1.82 trillion in the same period last year, reflecting a 20.85% YoY growth. The Company's revenue continues to be dominated by the concrete segment, which includes both precast concrete and readymix concrete, accounting for 84.74% of total revenue. This is followed by the services segment at 15.21% and the materials segment at 0.04%.

In addition, as of June 2024, WIKA Beton successfully secured new contract revenue amounting to Rp3.36 trillion. The performance was largely driven by projects in the infrastructure sector, which contributed 79.84%, followed by the industrial sector at 7.35%, the property sector at 6.68%, and the remainder from the electricity, energy, and mining sectors, which contributed 5.69%, 0.43%, and 0.01%, respectively.

From an ownership segmentation perspective, these figures were predominantly contributed by private sector clients at 78.33%, followed by other state-owned enterprises (SOEs) at 18.03%, WIKA as the parent company at 2.64%, WIKA affiliates at 0.57%, and the government at 0.43%.

Aligned with the Company's motto "Solution and Trust," WIKA Beton remains committed to supporting the government's efforts to evenly distribute infrastructure development that benefits communities across Indonesia, through high-quality and reliable products and services, with sustainable green industry practices.

### **A Brief Overview of PT Wijaya Karya Beton Tbk.**

PT Wijaya Karya Beton Tbk (WIKA Beton) was established as one of the BUMN subsidiary companies of PT Wijaya Karya (Persero) Tbk in 1997 with the vision to become a trusted global sustainable solution provider in the concrete industry.
