Jakarta, 5 Juni 2026 — Dalam upaya memperkuat infrastruktur penunjang infrastruktur di sektor pertambangan, PT Wijaya Karya Beton Tbk (WIKABeton) dipercaya untuk menggarap proyek *Underpass* PT Mustika Indah Permai. Proyek strategis milik anak perusahaan Grup Adaro ini berlokasi di Jalan Lintas Sumatra, Kabupaten Lahat, Sumatra Selatan yang dirancang untuk mengatasi kemacetan.

WIKABeton bertanggung jawab penuh atas pelaksanaan pembangunan struktur *underpass* selebar 14 meter dengan tinggi 9 meter. Selain *underpass*, terdapat juga pekerjaan jalan *trase hauling road* sepanjang 985 meter. Infrastruktur ini dirancang untuk memisahkan jalur truk angkutan batu bara dari jalan nasional. Ruang lingkup pekerjaan mencakup pembuatan struktur dinding penahan tanah (*secant pile*), struktur *underpass*, saluran drainase, perkerasan jalan, hingga rekonstruksi dan rehabilitasi jalan nasional di atas *underpass*.

Sekretaris Perusahaan WIKABeton, Ignatius Harry, menegaskan bahwa keterlibatan WIKABeton dalam proyek ini membuktikan kapabilitas perusahaan dan kepercayaan pelanggan dalam menjawab tantangan infrastruktur sektor pertambangan.

“Kami berkomitmen penuh untuk menghadirkan solusi konstruksi yang kokoh dengan selalu mengutamakan aspek keselamatan kerja tinggi. Kepercayaan dari Adaro Grup ini sekaligus merefleksikan posisi strategis WIKABeton sebagai mitra andal pembangunan berkelanjutan.”

Proyek strategis di sektor pertambangan ini semakin menegaskan diversifikasi portofolio WIKABeton. Melalui kolaborasi ini, perusahaan turut memperkuat perannya dalam mendukung pembangunan konektivitas infrastruktur yang tangguh, aman, dan berkelanjutan guna memberikan nilai tambah bagi pertumbuhan industri nasional.

Tentang PT Wijaya Karya Beton Tbk.

PT Wijaya Karya Beton Tbk (WIKABeton) merupakan anak perusahaan dari PT Wijaya Karya (Persero) Tbk yang bergerak di bidang industri beton pracetak terbesar di Indonesia. Membawa visi menjadi pemimpin industri di Asia Tenggara, WIKABeton berkomitmen pada inovasi teknologi berkelanjutan dan penerapan praktik bisnis berbasis ESG (*Environmental, Social, and Governance*). WIKABeton menerapkan pola *precast Engineering-Production-Installation* (EPI). WIKABeton memiliki 4 (empat) anak usaha yakni PT Wijaya Karya Komponen Beton (WIKAKOBE), PT Wijaya Karya Krakatau Beton, PT Citra Lautan Teduh, dan PT Wijaya Karya Pracetak Gedung.

WIKA Beton Undertakes Underpass Project for Adaro Group Subsidiary in South Sumatra

Jakarta, June 5, 2026 — In an effort to strengthen supporting infrastructure in the mining sector, PT Wijaya Karya Beton Tbk (WIKABeton) has been entrusted to execute the PT Mustika Indah Permai Underpass project. Owned by an Adaro Group subsidiary, this strategic project is located on the Trans Sumatra Highway in Lahat Regency, South Sumatra, and is designed to alleviate traffic congestion.

WIKABeton assumes full responsibility for the construction of the underpass structure measuring 14 meters wide and 9 meters high. In addition to the underpass, the project also includes the construction of a hauling road alignment spanning 985 meters in length. This infrastructure is designed to separate the coal transport truck route from the national road. The scope of work encompasses the construction of secant pile retaining walls, the underpass structure, drainage channels, and road paving, along with the reconstruction and rehabilitation of the national road located above the underpass.

WIKABeton Corporate Secretary, Ignatius Harry, emphasized that the involvement of the company in this project proves its capability and the trust of its clients in addressing infrastructure challenges within the mining sector.

"We are fully committed to delivering robust construction solutions while consistently prioritizing high occupational safety standards. This trust from the Adaro Group also reflects the strategic position of WIKABeton as a reliable partner in sustainable development."

This strategic project in the mining sector further underscores the portfolio diversification of WIKABeton. Through this collaboration, the company strengthens its role in supporting the development of resilient, safe, and sustainable infrastructure connectivity to provide added value to national industrial growth.
