Corporate Secretary WIKA Beton, Ignatius Harry (tengah), bersama tim WIKA Beton menerima penghargaan 'Impact Commitment Awards' dalam ajang CSR Awards 2026.

Jakarta, 28 Agustus 2026 — Upaya berkelanjutan PT Wijaya Karya Beton Tbk (WIKA Beton) dalam program-program Tanggung Jawab Sosial dan Lingkungan (TJSL) kembali mendapatkan penghargaan. Perusahaan sukses meraih penghargaan "Impact Commitment Awards" untuk capaian *Achievement in Community-Centric Porous Concrete Innovation & Local Vendor Empowerment* pada ajang Investortrust CSR Awards 2026 di Habitate, Oakwood, Kuningan, Jakarta, Kamis (27/8).

Apresiasi ini menjadi potret dari komitmen panjang WIKA Beton yang memposisikan tanggung jawab sosial bukan sekadar kewajiban korporasi. Melalui pendekatan berbasis komunitas, perusahaan berfokus menghadirkan solusi konstruksi yang tidak hanya relevan bagi kebutuhan infrastruktur, tetapi juga adaptif terhadap isu keberlanjutan dan memberikan nilai tambah ekonomi bagi masyarakat di sekitar wilayah operasional.

Keberhasilan tersebut didasarkan pada penilaian komprehensif terhadap 59 perusahaan yang mengacu pada Laporan Keberlanjutan dan Laporan Tahunan 2025. WIKA Beton dinilai unggul berkat terobosan beton berpori (*porous concrete*) yang menjawab kebutuhan resapan air lingkungan, serta langkah strategis perusahaan dalam memberdayakan vendor lokal guna menggerakkan roda ekonomi yang inklusif.

Bukti nyata program tersebut telah diaplikasikan langsung untuk menata fasilitas publik seperti Taman Cakung Timur, hingga fasilitas sekolah seperti di SMPN 4 Gunung Putri serta lapangan bulu tangkis SD Negeri Cipinang Cempedak 09 Pagi.

Sekretaris Perusahaan WIKA Beton, Ignatius Harry, memandang pencapaian ini sebagai pendorong untuk terus menghadirkan program yang bermakna.

"Bagi kami, kehadiran perusahaan harus mampu memberikan solusi nyata untuk para pemangku kepentingan. Apresiasi ini memvalidasi bahwa inovasi dan kolaborasi bersama komunitas mampu membawa perubahan yang berarti. Hal ini menjadi semangat bagi kami untuk terus memastikan keberlanjutan selalu diwujudkan lewat dampak riil yang bisa dirasakan langsung oleh masyarakat."

Melalui perjalanan ini, Wika Beton tidak hanya memperkuat posisinya sebagai pionir di industri beton pracetak, tetapi juga memperkuat kepercayaan pemangku kepentingan terhadap konsistensi penerapan prinsip keberlanjutan (ESG) perusahaan. Sebagai bagian dari ekosistem Danantara dan BUMN, Wika Beton akan terus mengaplikasikan inovasi-inovasi produk program TJSI Wika Beton akan terus diperkuat dalam akselerasi penyediaan infrastruktur hijau nasional, sejalan.

This appreciation serves as a portrait of WIKA Beton's long-standing commitment that positions social responsibility as more than just a corporate obligation. Through a community-based approach, the company focuses on providing construction solutions that are not only relevant to infrastructure needs but also adaptive to sustainability issues and provide economic value added for the communities around its operational areas.

This success is based on a comprehensive assessment of 59 companies referring to the 2025 Sustainability Report and Annual Report. WIKA Beton was considered superior thanks to the porous concrete breakthrough that addresses the need for environmental water absorption, as well as the company's strategic steps in empowering local vendors to drive an inclusive economy.

Tangible evidence of this program has been directly applied to arrange public facilities such as Taman Cakung Timur, up to school facilities such as at SMPN 4 Gunung Putri and the badminton court of SD Negeri Cipinang Cempedak 09 Pagi.

WIKA Beton Corporate Secretary, Ignatius Harry, views this achievement as a driving force to continue presenting meaningful programs.

"For us, the company's presence must be able to provide tangible solutions for stakeholders. This appreciation validates that innovation and collaboration with the community are capable of bringing meaningful change. This serves as an encouragement for us to continuously ensure that sustainability is always manifested through real impacts that can be directly felt by the community."

Through this journey, WIKA Beton not only strengthens its position as a pioneer in the precast concrete industry but also strengthens stakeholder trust in the consistency of the company's implementation of sustainability (ESG) principles. As part of the Danantara and BUMN ecosystem, WIKA Beton will continue to apply product innovations, WIKA Beton's TJSL programs will continue to be strengthened in the acceleration of national green infrastructure provision, in line.
